Mr. Childs

Jigsaw Committee

Reference: Navy's reply of 26 June, Serial 3201/00860 re Jigsaw Committee's Priority Program

Will you telephone Capt. Ocker about above reference to say that CIA is not a member of the Interdepartmental Intelligence Committee so that if the Navy feels this matter should be brought up in that Committee "to persuade" the FBI to return to the Jigsaw Committee, we should think it would be appropriate for the Navy rather than CIA to take such steps since the Navy is a member of that Committee.

PRISCOTT CHILDS, Chief  
Coordination, Operations  
and Policy Staff
